

MEMORANDUM – 5th TILE WORKSHOP IN BRNO AND FINAL DISSEMINATION SEMINAR

Participants:

Helena Vadurova (MU)
Karel Pancocha (MU)
Maija Hirvonen (JAMK)
Kaija Peuna (JAMK)
Sheena Bell (NORTH)
Andrew Smith (NORTH)
Jen Jones (VET NORTH)
Merja Mäenpää (AEO, FIN)
Kimmo Kekki (AEO, FIN)
Anti Teittinen (FAIDD, FIN)
Leena Hietalahti (VET KOKKOLA)
Nele Punnar (VET TARTU)
Merle Väliste (VET TARTU)
Hasso Kukemelk (UNI TARTU)
Chrissy Robertson (VET NORTH)
Kirsi Kesänen (JAMK)

Tuesday 4th June 2013 – OTEVRENA ZAHRAHA, Údolní 33, Brno

Introduction

- Welcome and introduction by Helena Vadurova (organization of the workshop and dissemination seminar)

- Welcome and evaluation of previous work by Maija Hirvonen
 - Update dissemination proforma; send the authors of the Roadmap from partner organizations to Sheena ASAP
 - Fill in the evaluation questionnaire from Rinske - partner organizations (7.6.2013)
 - The Finnish team can work on the project by the end of September (summer holidays)
 - Evaluation of the project by the end of July

Discussion about common issues

- **Official web pages** of the project – www.tileinvet.net
 - Discussion about the final form of the websites (simple or interactive)
 - Financing of possible changes at the web pages (designer necessary)
 - Should the web page be in English or in national languages as well? (financing if translation), agreed that national versions would be preferred
 - Contact on partner organisations must be supplemented to the web pages
 - Web pages will be supplemented with concrete examples of the use of the tool

- **Roadmap** – Sheena and Andy
 - Presentation of the final English version
 - Work in teams on national versions and feedback to the map as whole
 - Check the logo of your organisation in the Roadmap
 - Discussion about the final design of the roadmap – agreed that a designer should be engaged to give the Roadmap a professional layout and possibly an interactive (CD-ROM) version as well – Karel will try to solve financing from resources of UNI BRNO.

- **Future cooperation** – Karel
 - Presentation of the program Horizon 2020 (program of the European commission for the years 2015 - 2020) (PPT presentation at NING pages)

- **Summary of suggestions for future of the project TILE:**

The partners agreed on the following:

- As the cooperation between partners during the TILE project has been very successful and they managed to develop very strong academic relations, institutional networks and common scientific aims, they all agreed to work towards future cooperation in research and development projects
- Partners from the Czech Republic (Masaryk University) will be the coordinating party. They will manage preparation activities, which shall lead to common project application within the EU Framework Programme for Research and Innovation - Horizon 2020 in 2014. The topic of the project should further develop the ideas of TILE, however, it shall focus on the success of students with special needs at the labor market
- Concerning the sustainability of the TILE project, partner agreed to keep the webpage with the final Roadmap in operation after the project ends as long as the

institutional support from one of the partners permits. The website should be interactive and users of the Roadmap will have opportunity to share their opinions and experiences with the application of the Roadmap. In this way partners will have a chance to develop the Roadmap further according to the needs of different VET institutions.

- 12 months after the end of the TILE project common videoconference will be held and the usage and possible amendments to the Roadmap will be discussed
 - Within further development of the Roadmap and assessment of its usage and effects, other partners (VET college and universities) from European countries shall be invited
 - Publication on the Roadmap development will be published with the data gathered from VET institutions using the Roadmap
 - Research on the development of understanding inclusion and exclusion within the project partners and countries will be realized by the Finnish partners
 - Partners from universities also agreed on development of common module within their courses, which will use knowledge generated by the TILE project. Students from the four universities involved should be able to collaborate together and use the Roadmap as the common ground for their work.
 - The Roadmap will also be used by the partners as a research tool. The topics of the collaborative research will focus on attitudes of teachers towards inclusion and the possibilities of attitude change.
- **Preparation for the dissemination seminar** – Karel, Helena, Sheena
 - Learning coffee, common introduction by Sheena and Andy
 - Organisation of the seminar, preparation of national corners

Wednesday 5th June 2013, Dean's lecture hall of the Faculty of Education, Masaryk university, Poříčí 7, Brno
